Chuck said he would install and do the review on the Roxio burning software, says Nero would not work on his Vista machine so he needs some kind of burning software anyway...Bob Mason mentioned that Chuck’s e-mail hits his spam filter.

**Old Business** – Geof Goodrum mentioned he successfully received Paul’s group e-mails... ..Geof has not heard back from thinkgeek and now the e-mails are bouncing.

**New Business** – Bob Mason is “trying to clean out [his] basement” and has *\*four\** new PC tower cases and several CD/DVD drives. Instead of selling on eBay he would like to donate items to WAC, possibly for December (PC clinic) computer upgrades. **Future Meetings** – Geof has files and GPS tracks for a possible geotagging presentation...
